

positive regulation of alpha-beta T cell proliferation  
positive regulation of T cell cytokine production  
regulation of T cell cytokine production  
T cell cytokine production  
regulation of alpha-beta T cell proliferation  
positive regulation of CD4-positive, alpha-beta T cell activation  
alpha-beta T cell proliferation  
T-helper 1 type immune response  
positive regulation of alpha-beta T cell activation  
non-canonical NF-kappaB signal transduction  
positive regulation of T cell proliferation  
positive regulation of canonical NF-kappaB signal transduction  
Rho protein signal transduction  
negative regulation of leukocyte differentiation  
regulation of alpha-beta T cell activation  
regulation of cytokine production involved in immune response  
cytokine production involved in immune response  
regulation of canonical NF-kappaB signal transduction  
adaptive immune response based on somatic recombination of immune receptors built from immunoglobulin superfamily domain  
T cell proliferation  
positive regulation of adaptive immune response  
canonical NF-kappaB signal transduction  
regulation of T cell proliferation  
transforming growth factor beta receptor signaling pathway  
cellular response to transforming growth factor beta stimulation  
lymphocyte proliferation  
response to transforming growth factor  
regulation of lymphocyte differentiation  
regulation of myeloid cell differentiation  
regulation of leukocyte differentiation  
macroautophagy  
leukocyte proliferation  
regulation of lymphocyte proliferation  
positive regulation of leukocyte activation  
transforming growth factor beta receptor superfamily signaling pathway  
positive regulation of lymphocyte activation  
positive regulation of cell adhesion  
regulation of autophagy  
autophagy  
myeloid cell differentiation  
positive regulation of phosphorylation  
regulation of leukocyte activation  
positive regulation of intracellular signal transduction  
regulation of immune system process  
positive regulation of immune system process  
regulation of intracellular signal transduction  
positive regulation of signal transduction  
intracellular signal transduction
